

Practical Wireless Index 2007

Volume 83 January to December 2007

Antenna Features/Projects

Slinky long-wire top-band antenna – by John Curzon G8GTH	46 January
The Huff-Duff Seven practical loop antenna – by Geoff Cottrell G3XGC	19 September
Tuning a 'Slim Jim' Antenna – by Andy Foad G0FTD	46 November
You don't need coaxial cable for your antenna . . . – by Steve Mahoney VK5AIM.....	36 January

Antenna Workshop

A versatile antenna matcher for 144MHz – by John Heys G3BDQ.....	36 May
An antenna design for medium-sized gardens – by John Heys G3BDQ.....	40 November
Big wheels in the sky – by David Butler G4ASR	48 July
Centre-loaded vertical aerial for 1.8-7MHz – by Stephen Cole G3YOL	46 April
Coaxial cable – choosing and using – by Clive Smith GM4FZH	32 February
Don't be an Alligator! A 1.8MHz loop antenna – by Geoff Cottrell G3XGC.....	44 March
How efficient is your ATU? – by Gerald Stancey G3MCK	48 September
How to build a seven-element Yagi antenna for use on the 70MHz band – by David Butler G4ASR	38 January
Quad loop beam antenna – by Peter Dodd G3LDO.....	20 December
The Cubical Quad antenna – by Peter Dodd G3LDO.....	42 June
The many ages of antennas – by Roger Cooke G3LDI.....	48 August
The world from a postage stamp garden – by C. D. Peake G0NZI	48 October

Book reviews

Amateur Radio on the Move – Published by the ARRL.....	34 January
Circuit Overload – by John Fielding ZS5JF	35 January
More QRP Power – compiled by Mark Wilson K1RO	35 January

Constuctional/Practical Projects

A 100W balanced Z-match tuner for 1.8-30MHz – by Geoff Cottrell G3XGC	42 August
A Bi-directional transceiver – by John Seagar G0UCP.....	41 October
A high current voltage Quadrupler – by Stefan Niewiadomski	20 March
Building the ABLO! – by Tim Walford G3PCJ	19 April
Point-to-Point. Linking radios over the Internet using VoIP – by Ken Ginn G8NDL.....	18 January
Solid State CQ-Box – by Tony Crake G0OVA.....	42 September
The backpacking packing case! – by Tony Jarvis G6TTL.....	36 April
The G3PCJ PW signal generator – by Tim Walford G3PCJ.....	30 June
The Practical Wireless IBP beacon clock (PIC version) part 1 – by Phil Cadman G4JCP	24 May
The Practical Wireless IBP beacon clock (PIC version) part 2 – by Phil Cadman G4JCP	26 July
The PW Poundbury front-end receiver and transmitter pre-amp – by Tony Nailer G4CFY	19 June
The Rother 1.8MHz amplitude modulated transmitter – by John Heys G3BDQ.....	52 January
The SOTA-1 7/14MHz binaural c.w. transceiver – by Hannes Coetzee ZS6BZP.....	26 August
The story of Radio Constructor – by Mike Mills G3TEV	44 October
The stroke alternative – a station with a difference! – by Andy Foad G0FTD	32 December
The Upton CW transceiver – by Tim Walford G3PCJ	17 October
Valve supply unit – by Stefan Niewiadomski.....	20 February
Vari-HV a valve power supply – by Stefan Niewiadomski	39 May

Doing it by Design – by Tony Nailer G4CFY

Eliptic audio filters.....	12 July
Looking at transmitter filters.....	15 March
The circuitry of a 7MHz receiver	15 January
Top band amplitude modulated transmitter and receiver – part I	26 September
Top band amplitude modulated transmitter and receiver – part II	17 November
Transmitter configurations	13 May

Equipment reviews

The Comet CHA-250BX Broadband GP antenna – by Roger Cooke G3LDI	18 February
The EVX8000 eight-band vertical antenna – by Roger Cooke G3LDI	18 March

The Kenwood TM-V71E dual-band mobile – by Richard Newton G0RSN	19 August
The miniVNA antenna testing – and much more!	17 December
The Outreach antenna from Outbacker – by Richard Newton G0RSN.....	19 July
The Powerex MH-C9000: WizardOne charger-analyser – by Rob Mannion G3XFD.....	14 June
The Yaesu FT-450 HF/50MHz transceiver – by Roger Cooke G3LDI	26 October
Velleman K8046 PIC microcontroller programmer kit – by Phil Cadman G4JCP.....	32 April

Errors and Updates

PW Rother – PW January 2007.....	15 April
----------------------------------	----------

Features

A dream come true – by John Worthington G3COI	52 May
Down the tubes at Somerton radio station! – by Tim Walford G3PCJ.....	18 January
Fred and the Mark IV – by John Worthington G3COI.....	44 April
It's a classic! The Heathkit HW101 – by Phil Cadman G4JCP	28 November
Just what is a LID? – by John Worthington G3COI	28 March
Keeping the display working on classic Yaesu rigs – by The Rev. John McKae G4ILA.....	34 February
Loudspeaker cone repair – by Ian Liston-Smith	40 March
Magnetic Man – by Dr. Colin Sumner	30 April
Neston Primary School International space station project – by Charles Riley G4JQX	28 February
Netting on frequency or perhaps not? – by John Worthington G3COI	31 July
New life for the RA17 – by Rob Filby G0HJR.....	39 June
On the air with GB75PW: celebrating 75 years of Practical Wireless – by Rob Mannion G3XFD.....	36 March
On the road with GB75PW – by Rob Mannion G3XFD.....	19 May
Planning permission for your ham mobile station? – by Edzell Karghford-van-Straate.....	28 April
Practical propagation modelling – by Andy Foad G0FTD	36 October
Simple data mode interfacing – by Andy Foad G0FTD.....	36 June
St. Brandon: The great DXadventure for everyone! part 1 – by Don Field G3XTT	34 July
St. Brandon: The great DXadventure for everyone! part 2 – by Don Field G3XTT	36 August
Taking a look at Blackwood Amateur Radio Society - GW6GW – by Bob Jones GW4FCV.....	39 October
Taking a look at Radio Communicatins in the Air Training Corps – by Ralph Bateman M5EHG	42 December
Taking a look at RAOTA – by Ian Brothwell G4EAN.....	25 April
Taking a look at the Cornish repeater scene – by John Newman G0VDU	40 July
Taking a look at The Warrington Amateur Radio Club – by Ron Davies G0WJX.....	35 November
The postage stamp and amateur radio – by Ray Howes G4OWY.....	34 May
The QRM dilemma & POSFOPs – by John Worthington G3COI.....	40 February
The riddle of the 'Sphinx' – by Ben Nock G4BXD	30 January
The Rochdale QRP mini-convention; a continuing story – by The Rev. George Dobbs G3RJV.....	35 September
Under the Australian Gum Tree with portable amateur radio – by Steve Mahony VK5AIM.....	30 March
Working the DX – by Pat Alley GW3KJW.....	24 March
Ye Olde Hurdy Gurdy museum of vintage radio – by Tony Breathnach EI5EM.....	44 February

Practically Yours: 75 years of Heritage and History

2000 - 2006	60 January	1940 - 1949	60 July
1990 - 1999	60 February	1930 - 1939	60 August
1980 - 1989	60 March	September 24th 1932 –	
1970 - 1979	60 April	First issue of Practical Wireless	60 September
1960 - 1969	60 May	1920 - 1929	60 October
1950 - 1959	60 June	1910 - 1939	60 November
		Before <i>PW</i> and F.G. Rayer G30GR.....	61 December

Technical for the Terified – by Tony Nailer G4CFY

Techniques for frequency modulation and demodulation.....	16 February
Bandwidth Q and dynamic resistance	14 April
Antennas and feeder systems.....	12 June
Band-pass tuning	12 August
Regulators and regulation	12 October
Small signal radio frequency amplifiers	26 December

Theory

Antennas & Feeders – by Tony Nailer G4CFY	24 February
Planning permission for the radio amateur – by Len Paget GM0ONX	33 March
Filters behaving badly – by Barry Priestley G3JGO.....	34 April
Looking at RG-62A/U – by Gerald Stancey G3MCK	44 May

Practical Wireless binders are available and they keep a whole year's worth of magazines safe, neat, tidy and easy to locate for reference. See page 77 for details.
